

ANLISHA S

Aspiring AI/ML Engineer

Nagercoil, India | anlishamicheal@email.com | linkedin.com/in/anlisha-micheal | github.com/anlishamicheal

SUMMARY

Final-year MCA student with hands-on experience building 4 end-to-end machine learning projects spanning classification, NLP, and computer vision. Strong foundation in Python, statistics, and data structures, with a focus on writing clean, tested code. Seeking an entry-level ML/AI role to apply and grow these skills.

PROJECTS

Customer Churn Prediction

Python, scikit-learn, Pandas

- Built a Random Forest classifier on a 10,000-row telecom dataset, achieving 87% accuracy and 0.81 F1-score.
- Engineered 12 new features from raw usage logs, improving model recall by 14% over the baseline.

Resume Screening NLP Tool

Hugging Face, BERT, Streamlit

- Fine-tuned a BERT-based classifier to match resumes to job descriptions, reaching 89% top-3 match accuracy on a held-out test set.
- Built and deployed an interactive Streamlit demo, used by 3 student peers during their own job searches.

Handwritten Digit Recognizer

PyTorch, CNN

- Trained a convolutional neural network from scratch on MNIST, reaching 99.1% test accuracy.
- Documented the full training pipeline in a public GitHub repo with 20+ stars.

SQL + Pandas Sales Analytics Pipeline

SQL, Pandas, Matplotlib

- Built a pipeline answering 10 business questions from a public retail dataset, automating a previously manual analysis.

SKILLS

Languages & Tools: Python, SQL, Git, Jupyter

ML/DL: scikit-learn, PyTorch, Pandas, NumPy, TensorFlow, Hugging Face Transformers

Other: Streamlit, Matplotlib/Seaborn, Basic Statistics & Probability, AWS, Spark, Docker

EDUCATION

BCA -Muslim Arts College, Thiruvithancode| 2025

MCA (Final Year) — Arunachala College of Engineering for Women, Manavilai | Expected 2027

CERTIFICATIONS

Python for Data Science — whitefoxformula, 2026

INTERNSHIPS

SRISHTI CAMPUS | Data Science intern | 1 month | Applied ml and statistical modeling tools to real world datasets| Handled data pre-processing, EDA and model evaluations .

AZENTRA GLOBAL | DevOps(AWS) intern | 1 month | Learned cloud infrastructure, containerization principles and deployment workflows on AWS.
